We've already looked at Lara Jean's [style choices](#) in **To All The Boys P.S I Still Love You**, but now it's time to turn our attention to something else that caught our eye; Lara Jean's makeup.

Lara Jean got a serious makeup upgrade in **TATB2**. Her makeup was kept very natural in the first movie, but it was noticeably more dramatic in the second.

The on-set makeup artist for *To All The Boys:P.S I Still Love You*, Rebekah Bak, spilled some details to [fashionista.com](#). and we did some more digging around online – you're welcome!

Here are the exact makeup products that Lara Jean wears in *To All The Boys: P.S I Still Love You*.

Lara Jean's Eyelashes

In **TATB1** we were seriously envious of LJ's long lashes. Turns out they were thanks to [M.A.C.'s 30 Lash Set!](#)

In **TATB2** LJ is sporting some seriously fuller lashes. This is thanks to Vancouver's [Mink Lash Boutique](#) — where Lana Condor went for lash extensions.

As anyone who has ever had lash extensions will tell you, they look great when first

Although [M.A.C.'s 30 Lash Set](#) are great, they're a little pricy. Try the Individual Lashes in Penneys for €1.50!

Lara Jean's Everyday Lipstick Combo

For Lara Jean's every day lip, Bak used [Milk Makeup Kush lip balm in Cannatonic](#), with a touch of [Charlotte Tilbury's Carina's Love](#).

The makeup artist also efficiently maintained Lana's perfect complexion by applying [Skyn Iceland Hydracool Firming Eye Gels](#) during the actress's daily hair sessions.

Lara Jean's Date-Night Look

For Lara Jean's deep berry date-night makeup look, the makeup artist mixed [Charlotte Tilbury's Hot Lips in Carina's Love](#) with K-beauty brand [TonyMoly Perfect Lips Shocking Lip tint in Pink Shocking](#).

"I used a lot of Korean lip tints because she kisses a lot," says Bak. "It just saves production a lot of time because it doesn't transfer."

Lara Jean's Cinderella Moment

Bak, again, relied on the resilient [TonyMoly lip stains](#) for Lara Jean's ultra-glam look at the end of the movie, which include multiple lip-locking moments, without any smudging. Behind-the-camera, Bak also prepped Condor with regular applications of [Sara Happ Pink Peppermint Lip Treatment](#). "Because her lips can get a little chapped from kissing all the boys."
